VMCM competition

On a nice and sunny afternoon there was an exciting noise outside of VMCM. It was the first big summer competition! The different activities went from slalom with a scooter, rope skipping to drawing with chalks on the floor. So there was something for every child to do. In the end there were 6 winners for every discipline.

The price was some chocolate and VMCM money coupons with the value of 1,20 Euro. All in all it was a fun and exciting day with beautiful weather.

Funny English lesson

In May the weather was great so we thought it was time to teach something about weather in English class. To help the children memorize it better we played a fun game called „Fire, Water, Storm“. The children had a lot of fun and were running through the room. In the end they were good in memorizing and wanted to play more games. The only problem was the explanation of the games! So in the end everyone

was running through the room without knowing what to do but it was still a lot of fun!

Improvement of scores from English

In the middle of May a call from the children's home reached us. The director told us that one of the children was getting bad marks in school so the EVS volunteers helped him. He came quite often and was practising very well. The result is great: He went from 5 to 2-3!!

Christina's visit

In the end of May we had a special guest. Christina came over from Italy to spend some days in Ve ký Meder and VMCM. She brought some nice things from Italy for example pens that the children could take home. Everyone was happy to see her again and enjoyed the time with her.

Good bye ALEX!

9 Months seem to be a long time but sometimes they just pass like some weeks. That is how time passed while Alex was here. She was a great pleasure in VMCM and it is sad that she already had to go! Of course there was a Goodbye Party at VMCM, with cake and some presents.

We are not sooooo sad, because Alex will visit us in August!

See you soon!!!
