July 2009

The EVS wall

In July we finally finished our EVS wall! We were planning to do it for quite a while and eventually found the time to realise it. The EVS wall is a wall for all the volunteers who have been here in VMCM. It is a wall to remember them but also to encourage the youngsters in the center to maybe do an EVS, too. There is still a lot of open space on the wall so we hope that there will be a lot more volunteers! – Daniela! You did a really nice job!!! Thanks!

Johan from France

Hello Velky Meder

VMCM has a new volunteer! Johan is from France and 25 years old. So after a long period of female volunteers we have a boy now! He is interested in sports so he will be a great support in VMCM. Also in other regards he will be a great support because he is really open and eager to learn new languages. Here is what he has to say to you:

My name is Johan and during this year I am European volunteer to the Youth Centre of VMCM. I come from France and i am 25 years. I am very happy to have an international experience in Slovakia. I like sports and music. I hope to meet you, you too or again you J , on the streets, in the bus, in Billa J in the centre or just anywhere... I try to learn Hungarian but I cannot speak good for the moment. In a few months, it will be cool. I hope that this year will be very funny. If you have some questions about France or if you want to learn the language, no problem, you can come to VMCM. See you Soon!!!

JOHAN

Table-tennis competition

June was the month of table tennis. We organized a competition with 18 participants. Everybody played against everybody therefore it lasted for more than a week. More than 100 games had been played during group stage. After the quarterfinals, semifinals 2 children qualified for the final. We had seen a lot of thrilling and high quality games. Others with weaker table tennis skills were participating for the good spirit of the competition. At the end Sztojka Istvan won the

competition, Fatona Adrian took the „silver“ and Nagy Adrian ended up on the third place.

Cooking day

In July we had another cooking day! This time we made a nice cookie with bananas and little cookies and chocolate around the bananas. Some children from the children's home came to help. As always it was a lot of fun even if we all looked like chocolate monster. But it was worth it because in the end we had delicious cookies!

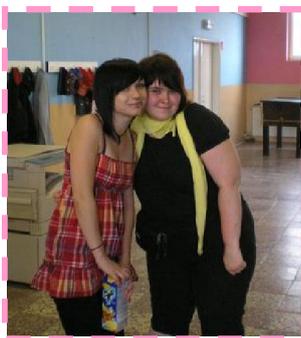

New breakdancers – even from Gyor- Hungary...

Our breakdancers often invite different dance groups to our center just to exchange ideas and have a training together. This month a talented group from Gyor visited them. They were amazed by the skills of our boys. Later they also presented few quite professional moves.

These meetings are very useful for the guys. They can improve and learn from an experienced group.

Alex's visit at VMCM

It happened to us in the past, and it happened again: a volunteer, who finished his/her stay at VMCM visited us: ALEX came from Germany, to see how are the things going on...

It is really nice to see, that those youngsters, who has spent some month, or some a year with us, they do not forget the VMCM, but as soon as they have some time, they come to see us again, and again... J

Good bye Dani!!!

Daniela our German volunteer finished her EVS this month. It is always difficult to say goodbye to our volunteers. It was the same this time. Daniela spent 8 month with us here. She was a great help for us and also the children liked her very much. Now, that she went back to Germany, she will start her Psychology studies, so let's keep fingers crossed for her! Take care Dani!!!
