September 2009

Fifa Football European Championship

With great excitement and joy 12 boys participated in the Fifa European Playstation championship. The 16 different nations were chosen by the kids. We could see thrilling matches with good skills, Nemeth Janos won the final game with Switzerland against Portugal after overtime and penalty shoot-out.

The tournament had lasted the whole day, but the price, an original football shirt of Galatasaray Istanbul was worth the emotional and physical stress.

Youth Exchange in Italy - critical mess

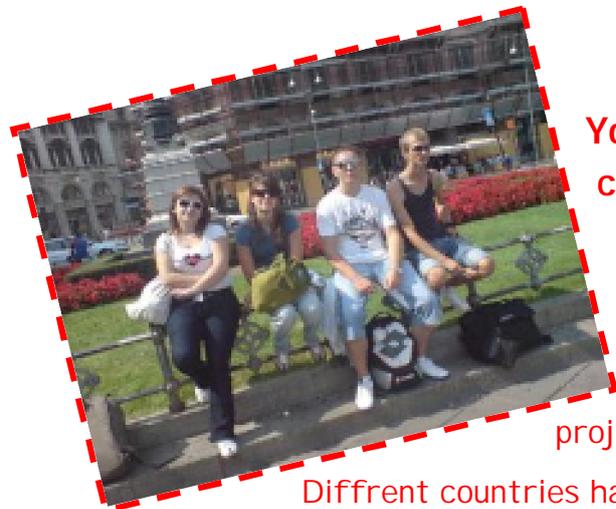

During 10 days, between the 13th and the 23th September, VMCM has send 5 youngsters to Italia to participate in a Youth Camp. The name of the project was Critical mess.

Diffrent countries have participated to this exchange : Turkey, England, Bulgaria, Malta, Spain, Italy, Lithuania, Denmark, Portugal and of course Slovakia. The exchange took place in a camping in Donoratico, Toscana.

Peter, Barbara, Dodi, Noemi and Johan were the „Slovakian“ group (four of them are Hungarian, one is French J).

The aim of the exchange was to meet some new friends from all over Europe and in the same time, to do some activities about cultural differences, environment and respect for the people and the nature.

We discovered Pisa and its famous tower, some little villages around Donoratico by bicycles and the Italian vines. Generally the weather was nice and we have been to the beach 3 times.

One day we organised an international evening. During this time, all the countries cooked some typical food and before eating a little presentation of each country took place.

In the end, it was really hard to leave all the people after 10 days together, but every youth exchange has an end.

Now we all have new friends everywhere around Europe. We learned a lot about each culture which can be very important for the future and made this youth exchange a great experience and everyone waiting for the next one already.

Csocsó...

Another competition was organised in September: a Csocsobajnokság.

The kids as well as VMCMs volunteers and Tibor played in two groups, before the best 4 players qualified for the final round.

Now only one win was separating the participants from the final game and we could see two very exciting and dramatic games.

French volunteer Johan and Nemeth Janos made it to the final game. The month ended how it began: with the victory of Nemeth Janos, who already succeeded in the Fifa Football Championship.

Of course we already have even more good ideas for October... J

... you will see...
